(Heavy pupus)

The focus of this free forum is to provide cultural understanding and develop global relationships with various cultures through the concept of the "4 E's" (Economy, Exchange, Environment, and Education). These focuses will include speeches from community leaders followed by a brief discussion that will allow individuals to share their perspectives.

To conclude the International Student Forum, we encourage the public to join us as our Student Ambassadors share the background of their home cities. This capstone event will take place on February 2nd at the historical Mission Memorial Auditorium.

***LIGHT REFRESHMENTS WILL BE SERVED**
